4 vs 8
7 vs 5
6 vs 3

Week #: 6

2 vs 6
4 vs 1
7 vs 8
5 vs 3

Instructions

Thanks for your purchase of a golf league schedule from www.GolfLeagueTracker.com.

This schedule was created using a custom algorithm which allows each player or team to play against every other player or team, assuming your league is long enough in length. For example, if you have a 16 player league, your league has to be at least 15 weeks long in order for each player to play against every other player. Once everyone has played against every other player, the schedule repeats.

To use the schedule, you must assign a number to each player (if your league is individual play) or to each team. For tee times, in the case of 2 player teams, each matchup automatically creates a foursome. For individual play, you'll have to group two matchups together to form a foursome.
